[You would be stupid to show up to a revolution unarmed and to think you can just get rid of communism by stomping your feet. If your greatest fear is getting arrested then you've already lost and I can't trust you to have my back. You can call me a glowie all you want, but you know I'm right.](#) (media.thedonald.win)

True Words Brother!

We ARE crossing the Rubicon this week. There are much bigger things to be afraid of than local gun ordinances.. and you WILL need that firearm to KILL those bigger things and protect your life, country and family...

Agent Goldstein here is trying to get people killed or locked up for a long time.

If you want to storm DC with guns, especially when carrying has been expressly forbidden, you better have the leadership and firepower to follow through, and you better have some realistic exit strategies in case plan A flops.

You mean because I liked the sentiment that a civil war is preferable to a communist government?

It is. That doesn't mean that you rush in blindly and make it as easy as possible for the enemy to ambush you.
